Direxion Daily Consumer Discretionary Bull 3X Shares

Overview

The Direxion Daily Consumer Discretionary Bull 3X Shares seeks daily investment results, before fees and expenses, of 300% of the performance of the Consumer Discretionary Select Sector Index. **There is no guarantee the fund will achieve its stated investment objective.**

This leveraged ETF seeks a return that is 300% of the return of its benchmark index **for a single day. The fund should not be expected to provide three times the return of its benchmark cumulative return for periods greater than a day.**

Target Index

The Consumer Discretionary Select Sector Index (IXYTR) is provided by S&P Dow Jones Indices and includes domestic companies from the consumer discretionary sector which includes the following industries: media; retail (specialty, multiline, internet & catalog); hotels, restaurants & leisure; textiles, apparel & luxury goods; household durables; automobiles; automobile components; distributors; leisure equipment & products; and diversified consumer services. **One cannot invest directly in an index.**

Investing in a Direxion Shares ETF may be more volatile than investing in broadly diversified funds. The use of leverage by a Fund increases the risk to the Fund. The Direxion Shares ETFs are not suitable for all investors and should be utilized only by sophisticated investors who understand leverage risk, consequences of seeking daily leveraged, or daily inverse leveraged, investment results and intend to actively monitor and manage their investment.

Shares of the Direxion Shares are bought and sold at market price (not NAV) and are not individually redeemed from a Fund. Market Price returns are based upon the midpoint of the bid/ask spread at 4:00 pm EST (when NAV is normally calculated) and do not represent the returns you would receive if you traded shares at other times. Brokerage commissions will reduce returns. Fund returns assume that dividends and capital gains distributions have been reinvested in the Fund at NAV. Some performance results reflect expense reimbursements or recoupments and fee waivers in effect during certain periods shown. Absent these reimbursements or recoupments and fee waivers, results would have been less favorable.
